V. Reports

**Governance Committees & Councils** - have just begun to meet and reports will be forthcoming. Our governance assignments have been communicated to Nancy Freudenthal and should have reached committee/council chairs by now. If senators have not yet heard from their chairs, they should visit the governance/steering committee website to find the name and contact information for their committee/council and contact the chair. The Staff Senate is eager to support the regular conduct of governance business so senators are asked to inform a member of the executive board if their committee/council is not meeting on a regular basis.
